

acr-hy VESA adapter

Assembly instructions

This VESA adapter is compatible with the following ACER brand monitors compatible:

G227HQL, G237HL, G247HYL, G257HL, G257HU, HA240Y, R221Q, R231bmid, R240HY, R241Y, RT240, RT240Y, RT240Y bmid, RT270, SA220Q, SA220QA, SA230, SA240Y, SA270Abi

⚠ WARNING

To minimize the risk of injury, it is important to read all instructions carefully before installation. We accept no liability for personal injury or damage to property caused by improper use of this product. It is also essential to observe the technical specifications of the product.

1. Read all instructions carefully.
2. Incorrect installation can lead to damage or serious injury. Make sure that the product and the monitor are securely mounted before using it. 3.
3. Make sure that the bracket to which the product is attached can easily support the total weight of the monitor, computer and adapter.

Technical Specifications

- **Maximum monitor weight:** 7 kg / 15.4 lbs
- **VESA standard compatibility:** 75x75 mm
- **Material:** plastic
- **Pivot angle:** not compatible
- **Maximum operating temperature:** 35°C / 95°F
- **Maximum ambient temperature:** 35°C / 95°F

WARNING

Exceeding the maximum load capacity, operating temperature or ambient temperature can lead to serious injury or damage.

Important Safeguards

Please read this manual carefully and keep it for future reference. If you pass the product on to third parties, this manual should always be included. Ignoring these instructions may result in injuries or damage to people and products, for which we cannot accept any liability.

IMPORTANT - KEEP FOR FUTURE REFERENCE.

- The use of this product should always be in accordance with the specified safety instructions.
- Do not install your VESA adapter in combination with the monitor in places where people are located below.
- Do not exceed the maximum weight of the compatible monitor models, as this may result in serious injuries or property damage.
- Pay attention to the maximum ambient temperature of 35°C when using the product.
- Do not mount the VESA adapter near a heat source or in direct sunlight, as this may cause the adapter to overheat.
- Check if your mounting point (e.g., monitor arm) can support the weight of the monitor with the VESA adapter.
- The product is designed exclusively for mounting with a hole pattern of 75x75 / 100x100mm / 200x200mm.
- After installing the VESA adapter, the position of the monitor must be readjusted to ensure proper ergonomics.

WARNING

Ensure that the device is turned off and disconnected from the power supply before installation to avoid possible injuries or damage.

1. Before First Use

Check the product carefully for possible transport damage and for the absence of accessories, such as screws, which should be included in the scope of delivery.

CAUTION

Make sure that packaging materials and small screws and parts contained therein are inaccessible to children to minimize the risk of choking and other risks.

2. Maintenance and Cleaning

2.1 Maintenance

- It is recommended to check every three months that all screws are still tight. Also, regularly check the condition of all components of the product.
- Store the product in a cool and safe place, ideally at a maximum storage temperature of 40°C. For additional safety, keep the product away from children and preferably in its original packaging.
- Avoid any vibrations and shocks so as not to affect the life and functionality of the product.

2.2 Cleaning

- No corrosive or hot cleaning agents should be used to clean the product. Likewise, wire brushes, metal or other sharp materials are unsuitable for cleaning and should not be used.
- For gentle and effective cleaning, the use of a soft, damp cloth is recommended.

3. Waste Disposal

For the disposal of this product we recommend to contact the responsible local authorities or disposal services. They can provide you with detailed information on available disposal options and recycling centers in your area.

Scope of Delivery Accessories

4x M4x14 Phillips Pan Head
Screw (**SP1**)

4x M4 Locking Nut (**SP1**)

⚠ NOTE: Please check that all parts of the accessories are complete before assembly. If anything is missing, please contact our customer service team immediately by email or phone. We will be happy to help you.

Horizontal / Vertical Alignment

Please note: Not all VESA adapters and monitors are designed for vertical (upright) orientation. This limitation is often due to the specific geometry of the adapter or monitor. Do not ignore this information, as the load limit of the adapter can quickly be exceeded if not installed properly.

We are continuously working on developing monitors and adapters that are also suitable for vertical orientation.

However, monitors are designed for horizontal alignment by default.

**Horizontal
Mounting: YES**

**Vertical Mounting:
YES**

Assembly Instruction

Step 1

Remove the base of your monitor if it is already attached. Simply pull the monitor upwards with some force.

Step 2

⚠ NOTE: If the instructions in this step are not suitable for your device, please follow the mounting guidelines of the manufacturer of your monitor arm or swivel arm to mount the monitor to the wall or swivel arm.

Mount the adapter on the VESA connection of your monitor arm or directly on the wall. (Figure 1)

Figure 1

Step 3

Check that all screws are tightened properly and that the VESA adapter is attached correctly. (Figure 2)

Figure 2

Step 4

Plug the monitor onto the adapter so that it audibly clicks into place. (Figure 3)

Figure 3

Step 5

Make sure the metal plate is properly engaged in the monitor . (Figure 4)

Figure 4

Step 6

You made it!

⚠ ATTENTION: Make sure that the VESA adapter comes loose when you pull the monitor upwards. This is because the monitor was designed to be able to remove the original Acer monitor stand. (Figure 5)
